27" INFORMATION KIOSK

KF-2700

- 27 inch screen, 10 points PCAP
- Support Ethernet and WIFI
- Option: 21.5 inch monitor, camera, scanner, payment holder

FEATURE

Suitable For Various Commercial Environments

With slim and straight line design and classic black & white color matching, KF-2700 looks stylish, generous, and full of fashion sense. Constructed with durable industry heavy-duty steel, compatible with 27" high-definition touch screen display(optional in 21.5"), and embeded an industrial motherboard, KF-2700 supports 24/7 operation with stable and durable usage. It is widely used in various commercial environments, such as exclusive shops, art exhibition halls, enterprises, exhibitions, schools and other places.

Portrait or Landscape

The touch screen display and stand are seperable with standard vesa mounting holes 75x75/100x100 .
Support both Portrait and Landscape mounting.

More Details For Friendly User Experience

The interfaces of touch screen display are designed with a cable management cover to protect the switch and wiring to prevent manual plugging or damage. There are wiring holes at the upper and lower ends of the stand. Inside the stand body, it is a lockable hidden compartment with horizontal partitions, wiring holes, etc. In addition to being used for internal wiring and cables protecting, it can also be used as a small storage space for storing power strips, adapters, small tools, etc. to facilitate daily maintenance.
