FEATURES

All Metal

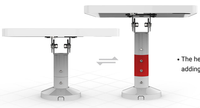
Made of heavy steel, known for its solid and reliable quality.
The key-lock enclosure ensures security and easy release of iPad.

Adjustable Design

Under screw mounted, the stand has skilfully engineered with multiple adjustable parts to suit different applications.

- Through well-damped hinge, the stand offers a maximum screen tilt of 180 degrees, allowing people on both sides of table to share the screen.

- You can change the angle of screen along the tube.Loosen the screw on the upper tube, horizontally rotate the tube to an ideal angle then tighten the screw to fix it.



- The height can be adjusted by adding one more tube.

Landscape or Portrait

VESA 65x65, supporting landscape or portrait installation.

VESA 65x65 mm

Easy Cable Management

The tube keeps cable hidden internally.
