MAKEN

15.6 inch

Kiosk POS

KP-1510C

- 15.6 inch PCAP touchscreen
- Built-in scanner and printer
- Option: Card reader holder, scanner gun bracket, dual-screen

FEATURES

Smart POS for Efficient Self-checkout

Desktop body, compact and delicate, occupying small space. All metal construction, stable and durable.

The kiosk POS is equipped with a 15.6-inch touchscreen, built-in scanner and printer, and supports functions such as product code scanning, code scanning payment, card payment, and receipt printing. As a self-checkout kiosk, customers can operate the screen by themselves, scan goods, confirm orders and pay independently, freeing store staff to do other tasks and improving operation efficiency.

Optional dual-touchscreen, supporting more application scenarios.

High Speed Scanning/Printing

The built-in scanner with a wide-angle window can sensitively read commodity barcode, paper label, mobile phone QR code, etc.

The high-speed 80mm thermal receipt printer provides silent printing. The lockable front door design, convenient for paper change and daily use.

More Details

Compact Structure Suit for Small Space

Slim and compact, with thick steel base, duable and stable.
Ideal solution to various stores, especially for those stores with limited space.

Restaurant | Convenience store | Cinema | Supermarket
