FEATURES

Compact Layout & Large Capacity

FT-460i has a detachable cash box with 5 vertical bill slots and 8 separated coin cups. A media slot on the front of the case is available for any cheques, coupons and gift cards. And benefit from flip top and ingenious structure design, it is only half size of a regular cash drawer.

Double Boxes Double Locks

The cash drawer is combined with two separated boxes (an outer case and an inner cash box). Each box is made of heavy-duty steel and has its own key lock. All of these greatly enhance security.

Exquisite Magnetic Flip Cover

As there are magnets between the covers of two boxes, whenever the outer case is opened, the inner cash box will automatically be opened at the same time.

Magnet

More User-friendly Design

Inner handles make cash box easy to take out and transfer.The bevel of the coin cup makes it easy to pick up coins.
