FEATURES

Bottom Side

Emergency Switch

Metal Structure with Plastics Cash Tray

All metal structure ensures safety and stability. The internal integrated plastic cash tray is made of high-hardness Plastics material, which is resistant to breakage and cracking.

Inclined Bill Slots Saves Space

The cash drawer has ample storage space because of its reasonable layout and inclined dividers.

Inclined Bill Slots

Durable Nylon Roller

Special Style & Mini Case

Round corners make the appearance simple and generous. Small size for easy carrying and using in narrow counter. This model is suitable for all kinds of small shops and individual operators.
