FEATURES

15.6 inch HD Touch Screen

Card Reader Space
(W95xH150 mm)

Thermal Receipt Printer
Front door opening design

Scan Window

Dual-Applications as Cashier or Self-Checkout

The compact and delicate desktop kiosk integrates multiple functions such as touch screen, card reading, scanning, and receipt printing. It can be used as cash register for cashiers, and can also be provided to customers for self-checkout.
Beautiful appearance, space saving and powerful functions greatly improve the business experience.

Excellent Scanning and Printing

Built in high-end performance scanner, supports skimming scanning, can quickly read commodity codes, bar-codes, mobile phone interface payment codes, etc., it is sensitive and efficient for high-frequency operations.
The embedded thermal receipt printer adopts the front door design, which is convenient for daily paper roll replacement and high-speed, silent printing.

Internal Modularization & Easy for Maintenance

The screen is inclined at 45 °, which is ergonomic design, and the operating angle is comfortable.Internal power modules, printer, scanner and other components are installed in modules for easy maintenance.
The interior gathering cables exquisitely and greatly improve the cleanliness of the business environment.

For All Business

Desktop all-in-one kiosk POS, applicable to all commercial stores.

Restaurant | Convenience store | Supermarket | Cinema
